OFFICE OF

The Woman's Journal,

No. 3 TREMONT PLACE,

Boston, Feb. 9 1872

Dear Mr. Garrison

Mr. Dane, the chairman of the Suffrage Committee, wishes very much that you would have a serious talk with Moses Kimball, on woman's right to vote—

He wants to spike Mr. Kimball's guns. Expects discussion comes up in the house, and says no one can do it so well as you.

Can you add this straw, to all the other things you have to do. And

Ever so much

obliged

Lucy Stone
